John C. Gibbs, May 28, 1866 - Late a private in Co. C, 14th Regt. Vet Res. Corps in service of the United States who was discharged at Washington DC on June 28, 1865 claims an invalid pension by reason of an alleged physical disability by reason of a gunshot wound. Wound was caused by a musket ball which entered his back just above the spine of the left scapula passing downwards and to the right coming out a little below the right scapula causing inflammation, ulceration and great depletion of tissue. There is a large deep, and adherent cicatrix and a contraction of the muscles and tendons about the left shoulder and impairs to a (certain?) extent the function of the arm.

Disability 2/3. Fee \$1.50 paid. Certificates made and sent. Exam. Not ordered
